

## Senior Exhibit Designer

Displayco, with 40 years of business success, has an immediate requirement for a Senior Exhibit Designer, full-time position. Location is flexible – Houston, Calgary or Edmonton. The Senior Designer will work collaboratively as part of the design team providing leadership and supervision in the building and development of client-driven design approaches and solutions.

Displayco specializes in building unique and exciting trade show exhibits, events and environments both locally and around the world. This individual will use extensive knowledge of specialized design concepts and software tools to develop innovative and comprehensive concepts and layouts.

This individual should be innovative, creative and a team player who is able to lead by example in a fast-paced, deadline driven environment. The Senior Exhibit Designer will be directly responsible for assisting the translation of the client's vision into a tangible design approach.

### DUTIES/RESPONSIBILITIES

- Produce creative presentations of booth designs/exhibit structures and components for client's trade shows and events. Presentations would include detailed line drawings, perspectives, and full color renderings.
- Work with internal departments and/or clients to conceptualize and design the "Look and Feel" of tradeshow, exhibits or events, thereby creating a consistent "branding" of the event. Combine graphic and exhibit structure designs to be presented to clients and used for actual production.
- Responsible for conceptual and/or design interpretation with sales quality drawings.
- Attend meetings with both internal and external clients for acquiring information and for presentation of design concepts.
- Maintains open communication with production departments to conscientiously work within budgets and outlines dictated by the client.
- Assist in the development and mentoring of junior designers.
- Work as part of the "Design" team to organize and schedule team work and tasks to hit timelines and objectives
- Research new materials, lighting, finishes and technologies to keep Displayco on the leading edge of new and upcoming trends and production techniques

### REQUIREMENTS

- 5+ years of direct work experience in exhibit design.
- Prior experience in the trade show and exhibit industry preferred (Portfolio Required)
- Familiarity with Octanorm, custom building and construction techniques.
- Excellent knowledge in use of Autodesk 3D Studio Max, Autocad, Adobe suites.
- Must be able to work on multiple projects simultaneously with a demonstrated ability to excel in a fast-paced environment.
- Demonstrate effective deadline management and project management skills.
- Effective written and verbal communication and presentation skills.
- Solid design and conceptual skills.

Interested candidates please email your detailed qualifications to [info@displayco.ca](mailto:info@displayco.ca) by January 31, 2018.
