

## DisplayPro

The DisplayPro is a lightweight display that sets up in minutes! Panels magnetically attach to the framework and can be produced as full mural graphic panels or velcro receptive fabric panels. The system packs into molded plastic cases with built in wheels for easy transport. Complete your display with a Case Conversion Kit, which allows you to convert the oval molded shipping case into a counter with a fabric or printed graphic wrap.

Each Unit Comes Complete With:

- (1) 8' or 10' Curve Pop-Up Frame & Channel Bars
- (1) Set of Mural Graphic Panels OR Fabric Velco-Receptive Panels
- (1) Set of (2) Molded Black End Caps
- (1) Set of (2) Halogen Lights
- (1) Molded Packing Case(s) with Wheels

**8' Package with Fabric Panels**  
**8' Package with Graphic Panels**
